Application of the Lock-in Amplifier in AC Power Measurement

Authors Grzegorz Sadkowski, Jerzy Szutkowski - Central Office of Measures
(Główny Urząd Miar)

[Lock-in Amplifier power meters](#)

Abstract

The article presents measurement systems where Lock-in Amplifier is an important element. These systems can be used to calibrate the power meters and burdens of voltage and current transformers. The paper also includes results of the comparisons with the devices dedicated to this type of measurements.
