Analytical obligatory testing methods used for precious metal alloys

Authors Aleksandra Górkiewicz-Malina - Regional Assay Office in Kraków
(Okręgowy Urząd Probierny w Krakowie)

[analytical testing method precious metal alloys](#)

Abstract

This article is a continuation of a publication which was published in the Bulletin of GUM (No 3/2013), where the approximate testing method of precious metal alloys was discussed in details. This article includes a description of the analytical testing methods of precious metal alloys, obligatory used at the polish assay offices.
